Arthur E. Bean and Jos. V. Flack not being found by the Sheriff, after having been drawn as jurors on the Mendenhall case, an additional venire of four names was drawn. These are John B. Funderburg, Miami tp., Joseph R. Howell, Bath tp., Joseph Fletcher, Xenia, 3th ward.

Clay's Minstrels.

Clay's Minstrels were the attraction at the opera house Thursday night. The house was light as was the show, in fact we think it about the lightest thing that has hit the town. The company consisted of five persons said to be from Springfield, who were out on a barn storming expedition, and struck this town for an easy work, but evidently got left from the size of the house for when the doors were opened there was only a few present, and when the show ended there was "fewer." They certainly left more money in the town than was taken out.

Mrs. A. Anderson.

The many friends here of Mrs. Arch Anderson were pained to hear of the news of her death, Thursday morning. Some two weeks ago an attack of the gripe suddenly came on her, this turning into typhoid pneumonia which resulted in her death.

She was a daughter of John and Grace Clarkson Webster and was married to Archibald C. Anderson, January 24, 1883. She leaves a surviving husband and several brothers and sisters.

The funeral services will be held this morning from the Second U. P. church at Xenia, at 11 o'clock.

Rainfall Stored, Fertility Increased.

The following gives an outline of the address of Robt. Hood on the above subject at the State Farmers' Institute at Columbus last week:

This paper is the result of much research and discoveries on three farms owned and operated by himself. Especially one in Columbia Co., N. Y., land similar in soil and subsoil to Ohio. Deepening of the soil and storage of film Carbonate of Ammonia. Liberation of fertility in subsoil. Successful seeding to permanent pasture, prevention of freezing out. Fitting the soil for earlier work in opening. Soil vitality. Mode of effecting improvement upon land of varied contour. Application of law of Expansion and contraction in water. Practically considered and applied among the elements in this discovery. Illustrated by chart.

Deepening the soil from 5 to 18 in. resulted in increase of yield per acre of oats from 25 bu. weighing 27 1/2 lbs. to the bu. to 55 bu. weighing 33 1/2 lbs. per bu. Straw growth increased from 18 inches to 5 feet in height without use of manures. Absolute increase of film water storage capacity 850 tons per acre for one foot increase of soil depth, with

like increase as above to succeeding crops of clover, corn and rye. Commercial fertilizer and tile drainage practically dispensed with.

The speaker made an appeal to the young men in the University urging the great future before them in this honorable calling.

New Riverside Hotel.

John P. Martin was in Springfield, Monday, and had with him plans for a large hotel building which the expects to erect on the Bryan farm. It is to be an up-to-date building in every particular, having 80 rooms.

Glad News.

We are informed by the directors of the local telephone company that work will soon begin on the line to Xenia. The parties there want this line constructed in order to give them an outlet to Columbus. This will be received with general satisfaction among the patrons of the local company.

Two Prizes.

The Brussels Dramatic Company will, during their engagement here give two prizes, one, a live pig to the homeliest man in Cedarville and the other a two dollar and a half gold piece to the handsomest lady. The audience will make the decision by voting each evening. If you wish to vote attend each evening.

Osborn to Xenia.

At a recent meeting of the directors of the Dayton, Springfield & Urbana Electric Railway Co., a resolution was passed to commence work within thirty days on a branch line from Osborn to Xenia, touching Fairfield and Byron. The distance will be twelve miles.

This road will connect the Yellow Springs, Cedarville and Jamestown lines, making a complete circle by including the Dayton & Xenia Traction road.

A Memorial Service.

The following is an extract from a letter received by friends of the late Theodore H. Tarbox: "A memorial service was held for Ted in the Congregational church of Highland, California, Sabbath afternoon, January 6. At three o'clock addresses were made by the pastor, Rev. Lamb, the M. E. pastor and a number of others. The 23rd Psalm was read, and the hymns 'Nearer, My God, to Thee,' 'Rock of Ages,' and 'Asleep in Jesus,' were sung. Letters from comrades, etc., were read."

Highland is a small town in San Bernardino county, Cal., where nine years previous to enlisting in the Philippine war Mr. Tarbox resided. His chief enterprise is the packing of fruit and oranges, about eight or ten carloads of the latter being shipped per day, at present.

Worse Than Ever.

At the meeting of the Board of Trade in Springfield Monday evening an effort was made to arrange an adjustment of the fight between the Clifton and Cedarville (prospective) traction line, and the body of residents on South Center Street.

The Board of Trade committee asked the residents to submit a proposition embodying the conditions on which they would consent to grant the right of way. The citizens replied by requesting the Board to lay down a proposition which would be acceptable to both parties. The conference ended without any formal proposition having been made, accepted or refused, and the amicable adjustment is just as far in the distance as ever before.

The Springfield city electric railway company have a franchise over Center Street for double tracks and it is stated that should Frey get his franchise over this street, that they would immediately lay the extra track themselves in order to hold the street.

NEWS TID-BITS

From Many Sources, Gleaned From Our Exchanges.

The superintendent of schools in the Philippines has called on the principal educational institutions of the country to send teachers to their respective schools. Salaries will be \$900 per annum and upward, and all traveling expenses will be paid by the government. The teacher must bind himself or herself to remain in the service for three years.

The Klondyke was carried by Bryan by a large majority. The vote was: McKinley, 933; Bryan, 2,404; total polled, 3,336; Bryan's majority, 1,472. The Daily Klondyke Nugget supervised the mock presidential election and the count was announced at intervals from the stage of all three theaters on election night. Jeweler J. L. Sale had offered a \$500 souvenir to the winner. The souvenir, which will be presented to Mr. Bryan, is a solid log cabin, a windmill and a sluice box and a lot of nuggets, all enclosed with a fence, and all of solid gold. Around the fence in raised letters is the inscription: "This is the choice of the Klondyke—William Jennings Bryan."—Jerome Reporter.

A State law, providing relief for indigent blind, became effective last week. Township trustees will, at their first meeting in April, certify to the County Commissioners the amount required for relief of such person and persons, not to exceed \$100 for each person per year. The Commissioners then make a levy in each township, for the amount required, and this fund in the county treasury is subject to draft of township trustees.—Jamestown Journal.

In St. Louis, the other day, Peter Wilkin's wife presented him with trip, let's all boys. Nothing queer about this, only they had been married for twenty years and the triplets were the first born.—Jerome (Ariz.) Reporter.

Telephonic communication has been established between St. Michael and Nome by means of a temporary submarine cable. The toll is \$2 for 10 words.—Exchange.

The third in Mr. and Mrs. John Hyde's series of pretty girls arrived Sunday night at midnight. John says she is thoroughly in style and has a nice case of grip developing and can sneeze, equal to a five-year-old.—Yellow Springs News.

This is certainly an original way of chronicling a birth.

The rumor that the Pan Handle will run its through trains to Springfield, using the Ohio Southern to South Charleston is revived again, but there is nothing on the surface that indicates such a move.—So. Charleston Echo.

Mr. Wm. Beacham, the prisoner was able to come up town this morning, after having been confined to his home for nearly a month past by illness. He lost his speech and was able to speak only in a whisper for some days and even then with difficulty. His speech however is gradually returning and we are glad to see him out again.—Gazette.

Small Blaze.

There was some little excitement last Saturday morning when a fire alarm was turned in. The streets being covered with a thin layer of snow made it rather difficult for the "fractious steeds" to draw the engine. However they were tamed as usual when they reached the hill.

The fire was in a house on the north side of town and is supposed to have originated from a bad flue. The house is the one that was used last winter by the smallpox patients and possibly a right good searching and smoking would be a good disinfectant. The contents of the house were easily removed without any loss by fire or water.

Low Fare to Washington.

For First Presidential Inauguration of Twentieth Century. Excursion tickets to Washington will be sold via Pennsylvania Lines March 1, 2 and 3, 1901, with return limit on all tickets including March 8.

The inauguration of President McKinley on March 4th will be the first event of that kind in the new century, and will attract notables from all over the country. The ceremonies will be of an unusual character, interesting to all.

The trip to Washington may be made via Pennsylvania Lines at the low fares on through trains of modern railroad equipment. For details about fares and through service, apply to nearest Pennsylvania Lines Ticket Agent.

Masters of Men.

THE SATURDAY EVENING POST announces for early publication a two-part serial story of love and adventure by Morgan Robertson. Masters of Men is a powerful tale of the new navy. The central figures in the story are a rich orphan, who has entered the navy as an apprentice, and a young ensign, fresh from the Naval Academy. The author leads his two heroes through a maze of adventures by land and sea.

This romance may fairly be called the best work of the best writer of sea stories in the country.

NOTICE TO TEAMSTERS.

I desire to have the stone which is in the walls of the old church on the farm formerly owned by William Collins, hauled to my farm, where the Raney Bros., reside, about two miles north of Clifton. There will be about 200 perch of stone and the work will be let to the lowest bidder. Stone must be on the farm by August 15. Payment will be made in proportion to the work completed.

TO CURE THE GRIP.

Advice of a Famous Physician.

First and foremost, REST. Take care of yourself. Your already weakened nerves want rest, and must have it. If the attack is severe, go to bed and remain there. More fatalities result from neglect of this precaution than from any other cause.

Eat sparingly. Your digestive organs are in no condition to take care of large quantities of food.

Drink plenty of pure cold water. It always the fever, stimulates the kidneys to action and opens up the pores of the skin. Keep the bowels open with Dr. Miles' Nerve and Liver Pills.

Take three doses of Dr. Miles' Nerve per day, and if you cannot sleep take an extra dose at bed time. To further control the fever, and to overcome the peculiar aches and pains of grip, use Dr. Miles' Pain Pills. They act quickly and effectually, and no bad effects result from their use. These remedies have been thoroughly tested more than a million times, and their efficiency is thoroughly established. They never fail to give relief.

Dr. Miles' Remedies can be found at any drug store, and they are sold on a positive guarantee that first bottle or package benefits or money refunded.

Shappee vs. Shoup.

There has been a curiosity on a part of some of our subscribers to know the contents of some of the papers that have been filed against Attorney Marcus Shoup by Dr. W. A. Shappee, of Xenia. Upon the solicitation of several, we have secured the last paper which was filed with the Court of Common Pleas, and give a reprint for those who desire to know the contents.

The undersigned has read, with mingled feelings of surprise and disgust, the report of Messrs. Schnebly and Gowdy, two of the committee appointed by the Court to file charges against Marcus Shoup for disbarment.

He hereby, in justification of himself desires respectfully to say that he filed written charges against Mr. Shoup on information and belief, but since these gentlemen made their report, he has taken the trouble to personally inquire about and to examine some of the papers and evidence that these gentlemen knew all about or if they did not know, it was because they purposely closed their eyes and stopped their ears.

He asserts without fear of contradiction that they knew when they made their report that there was a paper filed as an entry in a criminal case in the probate Court of this county, which purported to disbar and finally dispose of a certain criminal case then pending in that Court, entirely in the hand writing of Mr. Shoup, which the probate Judge and his deputy could both testify under oath was forged and was surreptitiously placed on file by Shoup in said Court, without any shadow of authority whatever.

Again, they knew that if they would take the trouble to walk to the office of the county Auditor, they could find indisputable evidence that Mr. Shoup for at least two or three years past had evaded a very plain, a very important and a very wholesome law requiring him to file a statement in writing, in September of each year showing all the moneys received by him as prosecuting attorney during the preceding year.

The first year of Mr. Shoup's term he filed a sworn statement as the law required, showing all the moneys he had received, not only as salary, but from forfeited recognizances, from fines and costs collected, etc., thus showing he knew the requirements of the law. After the first year, he refused

pressed all information as to his receipts except his salary, which least of all needed reporting because it could be ascertained by anyone by simply looking over the reports of the County Commissioners.

These gentlemen also knew that for more than two years an indictment for rape on a female under the age of consent, hung in court untried, and that at least one witness would testify positively to an effort made on the part of the prosecuting attorney to buy off the father of the girl and thus suppress the prosecution; that the case was brought to trial within a few weeks after charges had been filed against the prosecutor, he gave the case away from start to finish in his closing argument, in order to bring about an acquittal which he thus accomplished without the use of any funds.

The undersigned for the credit of the Greene County bar, respectfully asks that another committee be appointed composed of men who are not lawyers and who believe that a lawyer ought to be retained by some rule of common decency, at least, and if this cannot be done, then the undersigned desires humbly and respectfully to beg pardon for annoying the prosecuting attorney and interfering in Court matters.

What he did in the filing charges was done under a total misapprehension of facts. He supposed that evidence tending strongly to show forgery and perjury would be good ground for filing charges for the disbarment of any attorney. In fact, he supposed that such charges if supported by the strong evidence which can be brought to support them, would be ground not only of filing charges, but for actual disbarment.

Rheumatism.

Nobody knows all about it; and nothing, now known, will always cure it.

Doctors try Scott's Emulsion of Cod Liver Oil, when they think it is caused by imperfect digestion of food.

You can do the same. It may or may not be caused by the failure of stomach and bowels to do their work. If it is, you will cure it; if not, you will do no harm.

The way, to cure a disease is to stop its cause, and help the body get back to its habit of health.

When Scott's Emulsion of Cod Liver Oil does that, it cures; when it doesn't, it doesn't cure. It never does harm.

The genuine has this picture on it, take no other. If you have tried it, send for free sample, its agreeable taste will surprise you.

NOTICE

Notice is hereby given that, The Dayton, Springfield and Urbana Electric Railway Company on the 17th day of January, 1901, made application to the Council of the Village of Cedarville, Ohio, for permission to construct, operate and maintain a street railway in said Village with single or double tracks upon Main Street from the North corporation line to the South corporation line. Said grant is for the period of twenty-five years. Sealed proposals will be received at the office of the undersigned until twelve o'clock M. of Monday the 11th day of February, 1901, for the construction, operation and maintenance of a street railway upon the above designated route. Bids must be made with reference to the terms and conditions set forth in an ordinance now on file in the office of the undersigned and entitled "An Ordinance granting permission to the Village of Cedarville, Green County, Ohio, to the Dayton, Springfield and Urbana Electric Railway Company and its successors or assigns to construct, operate and maintain a street railway on Main Street in said Village of Cedarville." Bids should specify the lowest rates of fare for which the bidder proposes to carry passengers for single continuous ride and also the number of tickets good for one such fare, which will be sold for twenty-five cents and also for the sum of one dollar.

JOHN G. MCCORKLE, Clerk of the Village, Cedarville, Ohio.

NOTICE

The annual meeting of the shareholders of The Cedarville Building & Loan Association, for the election of four directors, and such other business as may come before the meeting, will take place at the Mayor's office, Saturday evening, February 2, 1901. Polls open from 7 to 9.

We received a communication this week from the State Librarian at Columbus, asking for a copy of the Herald, the first issue of the year and the new century. The Ohio State Library is preparing to bind together copies of each newspaper published in the state on the above date. These will be kept permanently in the State Library as a record of what Ohio newspapers were at the beginning of 1901.

I will pay 64c for hens and young roosters and 3c for old roosters. W. M. Hart, Gladstone, O.

"I was given up to die from heart and nervous troubles caused by grip. Six bottles each of Dr. Miles' Heart Cure and Nervine cured me." Mrs. John Wollet, Jefferson, Wis.

"La Grippe" seems to be very prevalent in this section at the present time, scarcely a family but what some member is affected with the dreadful malady. The force at the Herald office this week seemed to have a slight touch of what is known as "la grippe," consequently our news columns have suffered.

Time to Oil Up.

Like every other complex machine, the human body has its periods for repair. Sleep is Nature's time for rest, when the repair shops of the brain make good the damage of the waking hours. The man who cannot sleep, or who suffers from headache, nervousness, lost appetite, indigestion, heart trouble or pain, is running with a hot box. Give the tired brain and worn-out nerves a chance to rest. Stop! It is time to oil up.

"I was troubled for a long time with a stomach disorder and terrible headaches. I could not rest or sleep and night after night would lie awake until three or four in the morning before I closed an eye. The doctors did not help me and I began taking Dr. Miles' Nervine. I could see an improvement the second day, and in a few weeks my head and stomach trouble were gone." A. H. Serff, Astoria, Ills.

Dr. Miles' Nervine

feeds and rests the weary brain and weakened nerves. It gives zest to the appetite, stimulates digestion, increases circulation and restores health to body and mind.
